

Join Dental Lifeline's Network of Indiana DDS Heroes

DDS

VOLUNTEER

Last year, Indiana Donated Dental Services (DDS) volunteer dentists came to the rescue of 420 people with disabilities or who are elderly or medically fragile.

To those who were helped, these dentists are heroes.

Indiana Dental Association

John W. Anderson Foundation

Indiana State Department of Health

Nina Mason Pulliam Charitable Trust

Patterson Dental

DDS Volunteers Make a Difference.

Bruce, age 52, suffered a back injury and is unable to work due to severe pain. He has high blood pressure and depression and his wife of many years died recently. Bruce had several teeth broken at the gum line which caused him pain and unable to afford the dental care he needed. Through Donated Dental Services (DDS), oral surgeon Dr. David Coates contributed full extractions and Dr. Susan Snyder provided full upper and lower dentures and donated the cost of lab services.

" I had a whole mouth of bad teeth that were rotting and breaking, and infections in my gums. Now that it's taken care of, my mouth feels great and there's no more pain. Dr. Snyder and the people in her office are great and she sent me to Dr. Coates. DDS improves your life and you feel more confident." – Bruce, DDS Patient

Indiana Heroes!

Dr. Susan Snyder, Bruce and staff member Jessica Vantuinen

" My first appointment with Bruce was the day after his wife passed away. 'She really wanted me to take care of myself,' he told me. I think he feels more confident now. When you don't have teeth, you just don't feel the same. We're all so touched by the people we see, especially because they are grateful. The DDS coordination in Indiana is spectacular."

– Dr. Susan Snyder

- 617 Indiana dentists and 184 laboratories generously volunteer for DDS which provides comprehensive dental treatment to people with disabilities or who are elderly or medically fragile. Many of these people suffer daily unable to live normal lives.
- In Fiscal Year 2011-2012, volunteers donated more than \$1.1 million in dental care to over 400 people in desperate need. Since 1991, 4,559 deserving Indiana residents have received more than \$9.9 million in donated dental therapies.

Become A Volunteer – Try Just One Patient

- Review the patient profile in advance
- Choose to see or decline any patient
- Determine the treatment plan
- See patients in your office
- Never pay lab costs
- No paperwork for office staff

Your DDS Coordinator will:

- Ensure that patients arrive on time for appointments
- Be the liaison between your staff and the patient to facilitate everything
- Arrange for assistance from specialists and laboratories

You treat the patient. DDS does everything else.

Please volunteer. For south Indiana, contact Ann Farkas 317-881-3467 or afarkas@DentalLifeline.org. For north Indiana, contact Adrienne Walker-Bell 317-733-0585 or awalker-bell@DentalLifeline.org.

DDS is a program of the
Indiana Dental Association
and Dental Lifeline
Network • Indiana.

Dental Lifeline Network
• Indiana partners
with dental schools to
recognize graduating
students who have
demonstrated a
commitment to help
people with special
needs or as community
volunteers. Indiana
University School of
Dentistry graduate
Dr. Patrick Kelly was
presented with a Brian D.
Stone Award by Dr. John
N. Williams, the School's
dean, and Dr. Karen Yoder,
a member of the board
of directors of Dental
Lifeline Network • Indiana.
The awards are made
possible through the Brian
D. Stone Memorial Fund,
established by Drs. Joy and
Justin Stone.

More than Dentistry. Life.®

Donated Dental Services (DDS) is a program of Dental Lifeline Network, a national humanitarian organization providing access to comprehensive dental care for society's most vulnerable people with disabilities or who are elderly or medically fragile and have no other way to get help. Nationally, DDS has 15,192 volunteer dentists and 3,350 laboratories.
